PRESIDENT MUSEVENI TAKES STRONG ACTION AGAINST ELECTORAL MALPRACTICES WITHIN NRM, VOWS TO PROTECT PARTY'S LEGACY AND INTEGRITY

Fellow NRM members, the other Ugandans, especially the Bazzukulu.

Greetings. Thanks for responding to my message of yesterday, regarding the kutokooza (polluting) the NRM primaries by self-seekers that do not care about the reputation and the glorious heritage of the NRM/NRA/FRONASA. This is a heritage of martyrs and heroes, not self-seekers who would, at the cost of their lives, assault machine-guns of the enemy.

I want to assure you that the state agencies of Uganda have started the necessary anti-crime actions against the self-seekers. They are starting with the clear cases of the idiots alleged to have altered the results in the tallying. 8 of them have been arrested. They are from Mayuge, Buyende, Kapchorwa, Pader, Oyam, Rwampara, Kareenga and Mbarara.

Other targets are being followed up. I will keep you informed. Meanwhile, get us evidence against the other offences of violence, bribery and interfering with the registers.

I have constituted a committee of powerful lawyers to handle the petitions. We shall clean up the NRM as we also defend the wider interests of all the Ugandans. Thank you.

Signed:

Yoweri K. Museveni
